

ANNA KOZHEVNIKOVA

WHAT I BRING TO AMAZON

- Over 10 years of experience in product design, independently creating end-to-end experiences for complex, multi-product platforms.
- 4 years of experience leading design projects from initial discovery to successful launch, driven by a commitment to customer obsession.
- My focus on ownership ensures the delivery of impactful, user-centered solutions that align with business objectives across the company.
- Collaboration with product managers, engineers, and other stakeholders to drive the creative process and develop innovative design strategies.
- Experience acquiring user data through usability studies and research, creating personas and journey maps to inform design decisions.
- Practical experience applying scrum methodology to UX design processes, facilitating agile and iterative design development.
- Proven ability to contribute to and shape product strategy and roadmap development.
- My continuous support and mentoring of junior designers.

RELEVANT PROJECTS

- Redesigning the parent app login flow. [Read more](#)
- Embracing iterative process in a start-up. [Read more](#)
